

Especialización en Back End II

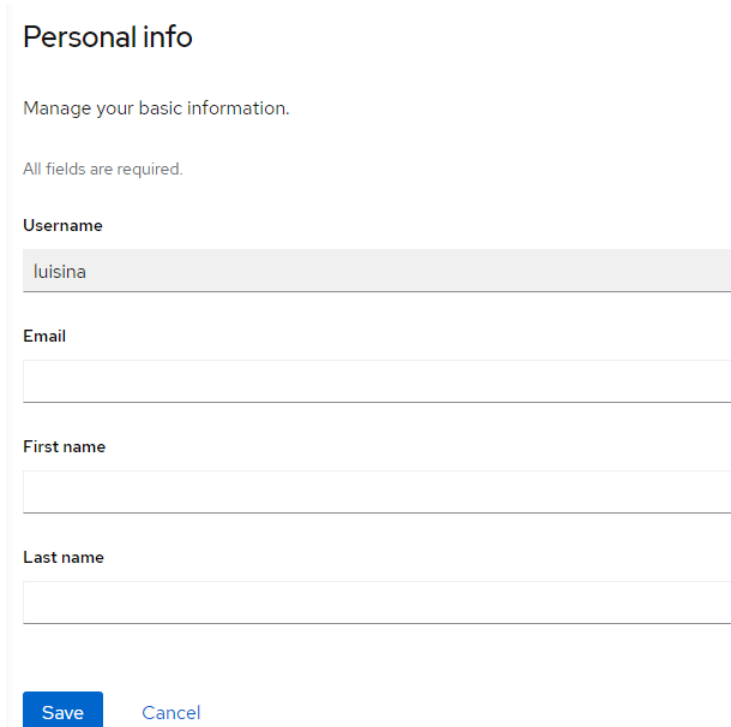

Administrar mi cuenta

Luego de autenticarnos, si nos dirigimos a <http://{host}:{port}/realms/{reino}/account> (por ejemplo: <http://localhost:8080/realms/master/account/>), podemos ver la siguiente pantalla:

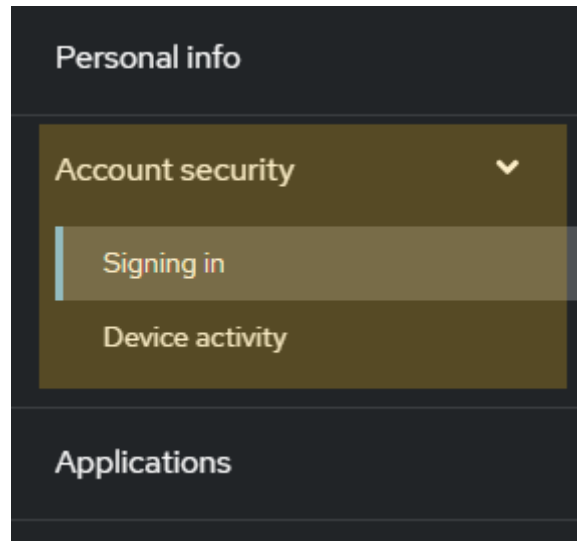

Entre las opciones disponibles podemos:

- **Editar nuestra información (en el apartado Personal info)**

The image shows the "Personal info" form in Keycloak. The form has a title "Personal info" and a subtitle "Manage your basic information." Below the subtitle, it says "All fields are required." The form contains four input fields: "Username" (with the value "luisina"), "Email", "First name", and "Last name". At the bottom of the form, there are two buttons: "Save" and "Cancel".

- **Cambiar la contraseña o activar el segundo factor de autenticación en el menú Account Security.**

Basic authentication

Password

Sign in by entering your password.
